January 18, 2007

Chairman Kevin Martin  
Federal Communications Commission  
445 12<sup>th</sup> Street SW, Room 8B-201  
Washington, DC 20554

Dear Mr. Chairman,

I have learned that the Commission is currently reviewing a proposal for fast, free, and family friendly universal wireless Internet access.

This plan creates real opportunities for our economy, government services, and media outlets. By expanding free wireless Internet access to all, the government would most certainly help our citizens better compete for jobs, as well as improve access and excellence in education and assist with the delivery of important government services.

I hope that you will give the proposal currently before the Commission your serious consideration.

With best regards,

JOHN D. KEENAN  
State Representative  
Commonwealth of Massachusetts  
7<sup>th</sup> Essex District - Salem
